Seminar Host

Gareth Davies of Rapid Results Marketing

"Why most marketing doesn't work and how you can fix it"

There are millions of other confused and perplexed business owners and entrepreneurs all over the world. You see the answer to the question – “Why doesn't my marketing work?” is one that's NEVER really been answered before – at least satisfactorily or in a way that people can easily understand.

The seminar will provide an insight into what it takes to get results and transform poorly performing marketing strategies into winners. Strategies which perform day-after-day, year-after-year. Strategies which have the ability to take your business and multiply its sales and profits in a matter of hours – yes hours

What to do back at the office

Review the business cards from around the table and any others that you were given) and ask yourself the following questions:

- Who shall I write to and say how good it was to meet them?
- Would one of the people you met today benefit from your newsletter/being part of a forum?
 - Is there some I met today who I need to contact for help/advice/collaborative strategy?
 - Who shall I call and make an appointment to see?
 - Who am I going to tell about somebody I met today that could help?
- Who else could benefit from an introduction to one of the people I met today?

Always keep in mind the members of The Business Network and on the lookout for any way in which you can pass on leads
