**Roger Moore & Associates**

We are a small practice whose strengths are built around both willingness and a desire to provide our clients with pro-active focused and objective advice that it is designed to address their particular business needs in relation to the key areas of Intellectual Property and Corporate Development.

Our specialisation is providing the assistance that enables the maximisation of the potential of your valuable Intellectual Property assets and by providing an integrated business service that turns vision into value for your corporate development

**Your INTELLECTUAL PROPERTY!**

Most businesses register their company name and domain name, however, this alone does not give the company full entitlement to trade.

**So what do you need to do?**

- Register your company identity as a trademark – this might include a tagline, word, phrase, logo, symbol, colour, sound or smell.
- Protect your work with copyright – to include graphics and artwork, catalogues, literacy, poems, music and photographs.
- In addition, if you invent a tangible 3D product, you will also need to register the Design Right for the product.

**Still not sure about your Intellectual Property needs?**

We would be happy to discuss your individual needs and provide you with free advice. **Telephone us on 01278 453333** to arrange a convenient time to talk.

To further complement our core service of Intellectual Property, we also offer you with an integrated business service that turns your vision into genuine values.
