

eMERIT is a BlackBerry®-based solution that provides a live, 24/7 UK card processing solution through a single mobile device.

The solution is fully scalable and is available to a single user or a corporate business through a BlackBerry® Internet Service or BlackBerry® Enterprise Solution environment.

No pre-arranged Merchant Banking Services are required and eMERIT is provided as standard to take payment from the majority of UK cards.

Mastercard PTS Approved allowing full compliance with all major banks.

Further integration with 3rd party applications is also available on request.
